

You are invited to:

THE EASTERN CAPE PRE-INVESTMENT CONFERENCE ENGAGEMENT OF THE SMME INDUSTRY

Dear Stakeholder

We would like to invite you to attend the Eastern Cape Pre-Investment Conference of SMME Industry in East London with the theme of "Bridging the Gap, Open to Invest". The event will be held on 17 March 2022, supported by the Eastern Cape Socio Economic Consultative Council.

This event brings together a broad range of economy stakeholders from across South Africa, including representatives from public owned entities, enterprises, finance, and the innovation community. At the event, we will be sharing our views on creating a conducive investment climate through different practices, with a focus on aspects to be noted in the pursuit of a thriving investment arena.

This year the province of the Eastern Cape will be hosting the Eastern Cape Investment Conference. So, we want to add to the dialogue for we want a province that all who live in it can contribute to its development, meaningfully. We have invited leading specialists on a variety of topics, to eventually find solutions that make our beautiful province a place to invest in. Business has a voice, let the voice of business echo loudly. The topics include exploring the role of skills in the provincial economy, creating an innovation-friendly environment to incubate new products and services, enabling a quality standard driven enterprise environment, and building a viable ecosystem for attracting funding.

We sincerely look forward to seeing you in East London, a city that plays its role in the economic transformation of our province. Your presence at the event is an honour to both the Eastern Cape and Eastern Cape Business Council and will also influence the investment dialogue in our province.

To ensure your participation, please reply to this invitation by 07th March 2022.
